**BLOOMINGTON & WESTERN**  
Railway  
7 Per Cent Convertible  
**GOLD BONDS,**  
SECURED BY A  
First Mortgage on its Extension.

The line of this road, including the Extension, is 420 miles, and is completed, except the distance of eighty-five miles between Barre, on the Illinois River, and the Mississippi.

A part of the line (222 miles), from Indianapolis to Peoria, has been in successful operation over two years, and is recognized as one of the most important roads coming into the city of Indianapolis. In set earnings are more than sufficient to pay interest on all Bonds issued by the Company, AND THE RECEIPTS FOR 1872 WERE MORE THAN \$165,000 GREATER THAN IN THE PREVIOUS YEAR.

These Goods possess unusual strength, and we recommend them for the following reasons:

1. The Road is already earning more than operating expenses and interest.

2. The unfinished portion of the line will be completed within a few months, and the entire road has an immense business immediately tributary to it.

EARNINGS FOR LAST THREE MONTHS OF 1872 WERE AT THE RATE OF 7.225 PER MILE per annum, and at 7.225 per mile within two years will continue progressive.

3. The effect of such revenue upon the market value of the capital stock of the road, as well as upon its convertible bonds, is obvious.

4. THE SECURITY IS COMPLETE.

5. The management of the road is acknowledged to be superior, and there can be no possibility of any default in interest payments.

The Bonds are SEVEN PER CENT GOLD, \$1,000 each, convertible at option of the holder, and may be registered without charge. Price, \$9, and accrued interest in currency. Coupons, January and July 1st, of each year.

ALL SECURABLE EQUITIES RECEIVED IN EXCHANGE AT BEST MARKET RATES.
